68 Orchard Road
West Long Branch, NJ 07764**

ONE LOVE ONE HEART
FOUNDATION

The **One Love One Heart Foundation** was founded in memory of Andrew Samuel who lost his battle against cancer in November of 2009. Andrew was in his early 20's when first diagnosed with stage IV stomach cancer but never stopped living because of it. Andrew started raising money for gastric cancer research by selling bracelets that said, "One Love One Heart" on them. The bracelet is suppose to remind those who wear it that their difficulties are not the most important just because they are their own. Rather to pledge camaraderie to all men and women, to always consider the trials and tribulations that every person faces even though the struggles may not be visible. We are all the same because we all suffer in some way. The bracelet asks you to care about others suffering.

The **One Love One Heart Foundation** hopes to keep the memory and determination of Andrew alive by raising money for Gastric Cancer Research and helping those in need.

The **One Love One Heart Foundation** is in the process of obtaining 501(c)3 status, so for this event we ask that all sponsors make their contributions payable to **Memorial Sloan-Kettering Cancer Center** so you can receive a tax deduction. We also ask that all golfers make their checks payable to **One Love One Heart** so that we can use the funds to actually hold the golf outing. *Unfortunately, this means golfers can not write off their fee for tax purposes.*

We hope with your support, next year we will have obtained the necessary authorization and all contributions will qualify for a tax write-off.

Thank you for your understanding and support

ENTRY FORM
